AUDITED

ABOUT AUDITED

AuditED aims to improve VET quality assurance by providing an innovative, free online auditing platform that streamlines audit processes and supports compliance with European quality standards. The project addresses key EU priorities such as digital transformation, environmental sustainability, inclusiveness, innovation, and internationalization.

Goals

- Enhance quality assurance in VET by simplifying audit procedures.
- Boost digital readiness by digitizing audits.
- Promote inclusivity and diversity via remote auditing opportunities.
- Increase international visibility of EQAVET standards.

Results

- A free online tool to support EQAVET and ISO 21001 audits.
- Increased efficiency, inclusiveness, and accessibility in VET quality assurance.
- Improved digital and green skills across the sector.
- Reduced environmental impact and audit costs.
- Boosted innovation and internationalisation in VET.

Deliverables

- Development of an EQAVET-ISO 21001 compliance checklist.
- Design specifications for the online auditing tool.
- Initial platform prototype (coming soon).

TPM IN MADRID, SPAIN

We successfully held the First Transnational Partner Meeting (TPM) in Spain on November 2024 bringing together partners from Spain, Greece, and Portugal. This meeting marked the official project kickoff, enabling us to align on objectives, plan activities, and launch the development of the online auditing tool.

What is next?

- In the coming months, our focus will be on:
- Validating and refining the auditing tool design.
- Starting the technical development of the platform.
- Engaging stakeholders and planning dissemination activities.
- Stay tuned for updates, insights, and opportunities to get involved!
